In December 2016 the Organization was qualified as a tax-exempt corporation under Section 501(c)(3) of the Internal Revenue Code ("I.R.C.") and is a publicly supported organization as defined in I.R.C. Sections 509(a)(1) and 170(b)(1)(A)(vi). The Organization operates an apartment shelter program in two separate locations. One facility consisting of four housing units and resource center is located in northwest Tulsa and a second facility consisting of two housing units is located in southwest Tulsa. The Organization is a nonprofit, multi-faith organization affiliated with National Family Promise. Family Promise of Tulsa County provides shelter, meals & support to homeless children and their families. The Organization also provides an eviction prevention/diversion program for families at imminent risk of homelessness that will prevent loss of home was initiated during the year.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Net Assets

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor- or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net assets without donor restrictions: Net assets available for use in general operations and not subject to donor or grantor restrictions.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by passage of time.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statement of activities.

See Independent Accountant's Review Report and notes to financial statements.

Cash and Cash Equivalents

The Organization considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Property and Equipment

Property and equipment additions over \$750 at cost, or if donated, at fair value on the date of donation. Depreciation is computed using the straight-line method over the estimated useful lives of the assets ranging from 5 to 7 years. When assets are sold or otherwise disposed of, the cost and related depreciation are removed from the accounts, and any resulting gain or loss is included in the statement of activities. Costs of maintenance and repairs that do not improve or extend the useful lives of the respective assets are expensed currently.

We review the carrying values of property and equipment for impairment whenever events or circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. When considered impaired, an impairment loss is recognized to the extent carrying value exceeds the fair value of the asset. There were no indicators of asset impairment during the year ended June 30, 2024.

Tax Status

The Organization is exempt from income tax under Section 501(c)(3) of the I.R.C. As such, the Organization is not required to pay federal income taxes. The Organization is required to file annual information tax returns.

Revenue and Revenue Recognition

We recognize contributions when cash, securities or other assets, an unconditional promise to give, or notification of a beneficial interest is received. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend have been substantially met.

Functional Allocation of Expenses

The costs of program and supporting services activities have been summarized on a functional basis in the statement of activities. The statement of functional expenses presents the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited. The expenses that are allocated include occupancy, depreciation, insurance and utilities, which are allocated on a square footage basis, as well as salaries and wages, benefits, payroll taxes, which are allocated on the basis of estimates of time and effort.
